552 AT BAPTIST S.S.

WAS SUCCESSFUL BEGINNING OF THEIR BEST HOME COMING.

ADDS 325 NEW MEMBERS

Full Church Hears Pastor Preach on the "Tragedy of an Absence."—Almost $8,000 Raised.

The Baptists are happy today and the well-known Hale smile is broader than ever this morning for they held their greatest home-coming day yesterday under fair skies and the most favorable auspices.

The day started right when the Sunday school went fifty-two beyond the rally goal of 500. The attendance was 438 at the same day last year. The collection was $14.11 yesterday. The two largest classes were Mr. Hale's with 118 and Mrs. Flora Quinn with 73.

The primary department had 204 and the main school 348. Thirty-five scholars in the primary were promoted into the main school. They stood upon the platform as their certificates were given out and were greeted with much applause.

In a short speech at the close of the Sunday school, the pastor told that the number simply indicated what could be done when a trial was made. He reminded them that they had been surprised when his prediction of 200 was fulfilled two years ago by an attendance of 236.

A definite start was made for a Sunday school attendance of 1,000 and an unanimous vote agreed that it was a possible goal. The church was crowded for the preaching service. Special music was given by the choir during the offering and Mrs. W. M. Westbrook sang just before the sermon.

The Rev. L. M. Hale preached on "The Tragedy of an Absence." His text was "And Thomas, one of the twelve, was not there." He said that his purpose in the sermon was to exhort the membership to regular attendance upon the services of the church.

"At the meeting last year, I preached on getting a vision," he said. "This year that message does not seem so vital for most of the church has caught the vision. But I do lay aside my modesty in urging people to come to preaching for this one time because of a deep conviction that it is the great thing needed now for the proper forward movement and the development of the church."

The basket dinner was followed by a business meeting in which all the departments gave their yearly reports. A praise service completed the day. More than twenty-five automobiles were before the church during the morning service, several of them coming from other towns.

MORE

Two new members were received yesterday, Mrs. U. C. Crockett and Mrs. Jones of Burlington Junction. Letters were read from friends in other cities to the home church on its annual day. Miss Dora Allen, missionary treasurer, and J. A. Speirs, church treasurer, made their annual reports.

Mrs. Alex Fraser made the report for the Woman's Missionary Society and Mrs. Anderson Craig and Mrs. W. A. Bailey for the Ladies Aid Society. Dr. K. R. Malotte for the Men's Club and Charles Hyslop, clerk of the church, also gave reports.

The building and repairs committee, consisting of Anderson Craig, William Everhart and Charles Hyslop, told of their work during the year. A new balcony was added at a cost of almost $1,000. Sewer and plumbing work was done by Roy Martin, also the railing for the balcony. The painting was the work of B. W. Lemon, and the cement work of Clark Andrews. All are members of the church. The Ladies Aid society put down a carpet. G. B. Holmes, Dr. K. R. Malotte, W. A. Burris, Allison Dragoo, and John Davis were commended for voluntary work.

The membership committee reported that a total of 509 members had been received in the two years of Rev. Hale's pastorate of which more than three-fourths were on profession of faith. During the last year, 277 were received by Baptism and 48 by letter. A net gain in membership for the two years has been 451 and the men have outnumbered the women by 13 among the new members.

The enrollment of the Sunday school is now 705 and the average attendance for the year has been 324. Total funds of the year's budget has been $3,319.94. In addition $1,047.66 has been given to missions, $3,408.02 has been used for building expenses and $156 has been spent on miscellaneous items.

MT. TABOR ADDS $200 MORE

New Building Costs $1,800 and Old Structure Was Used.—Raised by Subscription in Half Hour.

Those Mt. Tabor people had still another chance Saturday to demonstrate that they have the real school and community spirit which does things. A checking up of bills showed that the new school building was going to cost $1,800. Only $1,400 was first voted; then another election gave $1,600.

But the boosters were not discouraged. Having started a proposition, they were determined to see it through. So one of the directors and County School Superintendent Cooper took a subscription paper and in a half hour raised $216. In addition to cash amounts, the material in the old building was used in the new.

All the Maryville people attending the dedication Saturday, were enthusiastic about the building and the Mt. Tabor spirit.

One of the most interesting speeches of the day was made by W. A. Johnson who attended school in that district in 1865. In addition to the conveniences which have already been noted in the building, visitors Saturday noticed that it has a separate library room, another room for argriculture and domestic science. A telephone booth is another innovation in country school architecture.

MANY ATTEND JONES RITES

Funeral for Horace Jones Held at Parnell Yesterday Afternoon.—Unusually Large Crowd Present

The largest funeral ever held in Parnell was that of Horace Jones, a pioneer citizen and wealthy landowner which took place at the family residence at 2 o'clock Sunday afternoon. Many from Maryville, Hopkins, Ravenwood, Sheridan and a few other towns came in automobiles, and the machines filled the streets of the town.

The services were conducted by the Rev. W. E. Tinney, pastor of the Methodist Episcopal Church of Parnell, of which church Mr. Jones was a member. Burial took place at the Parnell cemetery, the Masonic lodge of Parnell having charge of the services. A number of members of Maryville Commandery, K. T., No. 40, from this city, attended the funeral, Mr. Jones having been a member.

The following from Maryville attended the funeral: Judge and Mrs. W. C. Ellison, Mr. and Mrs. J. S. Shinabargar and daughter, Miss Mildred, Mr. and Mrs. W. C. Pierce, Mrs. Margaret Pierce, Mr. and Mrs. Hal T. Hooker and daughter, Mr. and Mrs. James Herndon, Mr. and Mrs. W. A. Miller and daughter, Charles Evans, S. R. Lucas, F. P. Reuillard, George B. Baker, James Todd, J. C. Archer, Paul Sisson, Mayor U. S. Wright, Fred P. Robinson, J. F. Montgomery, W. J. Montgomery, R. H. Duncan, Dr. F. C. Wallis, C. C. Hellmers, Paul Kuchs, E. E. Williams, Jim Andy Ford, W. H. Allen, John Sewell, Clun Price and M. E. Ford.

The estate of Mr. Jones is estimated to be worth $1,000,000, his land holdings amounting to 8,500 acres in Nodaway and Worth counties. Mr. Jones was probably the wealthiest man of the county.

MAYOR TO APPOINT

WRIGHT SAYS HE'LL CALL ELECTION IF NO GOOD MAN ACCEPTS

MAY HAVE CURFEW LAW

Resolution of Council Asks Police to Enforce City's Cigarette Ordinance.—Other Business.

Mayor U. S. Wright will appoint a successor to H. L. Raines. No, he doesn't say that he will not call a special election and he will not name the man but in an enigmatical way he indicates that his mind is made up.

"If I can find a good man in the Third ward who will accept, I will appoint him. If I cannot, I will have to call an election," said his Highness this morning.

It is rather hard to believe that the mayor cannot find a suitable man who will accept, so the election advocates seem destined to be disappointed. They already have received one surprise for the council adjourned Saturday night without mentioning the successor to Mr. Raines.

Councilmen McDonald, Hahn, Fisher, Dragoo, Garrett and Tindall were present. The most important action by the body was the changing of the fire limit so as to exclude the Baptist church and the residences west of the church on the corner of Main and Jenkins street; a resolution calling upon the police to enforce the cigarette ordinances of the city and another instructing the attorney to draw up a curfew ordinance.

The mayor announced the appointment of new committees. Councilman McDonald is a committee of one on streets, alleys and sewers. The committee of fire, light and water is McDonald, Hahn and Tindall. The resignation of Albert Berlin as dog enumerator was accepted.

M. E. Ford was granted permission to appear before the council concerning the taxes of Thomas Workman. As a result of the conference, a compromise was reached and the city agreed to set the assessment of Mr. Workman at $17,000, provided he would pay at once all the back taxes of 1913 and 1914 with the penalties attached.

J. A. Speirs appeared before the council concerning a sidewalk on the south side of Fifth street between Main and Market streets. The matter was referred to the street committee. E. H. Bainum spoke concerning the intersection of Ninth and Mulberry and the matter was referred to committee.

The pool license was granted to Sweitzer Smoke Shop for another six months. The mayor was instructed to grant a deed to lot 2, block 6, in the first addition of Oak Hill to W. L. Scott in exchange for another lot.

Bert Mack appeared with a sidewalk petition which was referred to committee.

The complaint of J. S. McClaskey concerning an alley was referred to street committee, as was a petition for a sidewalk on the east side of the Baptist church. The attorney was instucted to draw an ordinance condemning a board walk between Buchanan and Fillmore streets on First street.

The usual monthly bills were allowed. The need of something being done with the sewer near the Wabash trestle was discussed. F. L. Flynt, city engineer, reported that the railroad company did not want to rebuild the sewer until spring when the fill had entirely settled. Several of the councilmen said that conditions were so bad that people were moving away or making strong complaints.

6 APPLE ROWS YIELD 969 BARRELS

Ford and Klaas Orchard Will Bring $20,000 This Year, It Is Believed.

The picking of the apples on the Ford and Klaas orchard near Parnell, was begun last week. Mr. Golstein, who bought the apples, says that the orchard is the finest this year that he has ever seen. Six rows of Jonathans, each a quarter of a mile long, yielded 969 barrels. Fourteen of the same kind are still to be gathered.

Those who had seen the orchard say that it is one of the prettiest of sights. Forty men are working there now and it is believed that the price for the crop will run close to $20,000.

Woods Back from Wyoming.

M. I. Woods, street commissioner, returned Saturday from Wyoming, where he had gone to look at some land in the "wooly and wild." He says that this country, commonly referred to as belonging to the Almighty, looks better to him than Wyoming.

CUP TO THIRD WARD

COMMITTEE DECIDES IT IS CLEANEST AND MOST SANITARY.

ALL ARE MUCH IMPROVED

But Unsightly Spots in Others Lost the Prize.—Special Week is Commended.

To the General Committee in Charge of Cleanup and Paintup Campaign:

Your committee appointed to act as judges in awarding Trophy Cup presented by the Maryville Commercial club to the City of Maryville to be given to the city ward showing the greatest improvement in general appearance and betterment of sanitary conditions of home premises, based on schedule of points hereinafter shown, beg leave to report as follows:

After a thorough and careful inspection of each of the four wards your committee recommends that the Trophy Cup be awarded to the Third ward, this ward scoring highest with a total of 82½ points out of a possible 100. The standing of the other wards are Second 74 points, First 66½ points and Fourth 58 points.

It was extremely difficult for your committee to determine the relative standing of the different wards as all of them made a most excellent showing. However, the presence of a few extremely unsightly and unsanitary spots made necessary a marked reduction in the standing of some of the wards.

It should be explained that the figures given represent the relative improvement in appearance and sanitary conditions during the present year; natural advantages for which property holders are not responsible were not permitted to affect the decision.

Your committee wishes to take this occasion to commend the general use by residents of the city of flowers and vines in hanging baskets, porch boxes and gardens in improving the appearance of the homes. It was gratifying to note in all parts of the city that such plants had been used generously and with pleasing effect. The majority of the lawns and parkways were also well kept, the trees trimmed and except in a few instances, the city is remarkably free from weeds.

Your committee also considers worthy of mention, the large number of substantial new residences which have been constructed during the present year, especially in the Second ward, where they appear to be most numerous.

Your committee is unanimously of the opinion that Maryville, as a whole, will rank higher than any other city of its size in the country in the general attractiveness and pleasing appearance of its homes.

Your committee further recommends that the Cleanup and Paintup Campaign be continued next year.

MAKES ANNUAL REPORT

First Methodist Church Affairs in Good Condition.—Largest Sunday School Attendance in State.

The annual report of the conditions of the First Methodist church as submitted to the congregation at the yearly business meeting held yesterday shows an exceptionally good standing of all the church organizations.

The average attendance at the Sunday school for the year October 1, 1914 to October 1, 1915, was 352 per Sunday. This is the largest average attendance of any Sunday school in the Missouri conference. The number of accessions to the school during the year were 115.

The total amount of money paid out was $7,868. This amount was given as follows: Salaries, pastor, district superintendent and bishop, $2,750; music, janitor and special meetings, $2,200; church improvements, $435; Women's Foreign Missionary society, $398; Woman' sHome Missionary society, $267; Missouri Wesleyan college, $235; Ensworth Hospital, $194; other benevolences, $1,449.

BOQUETS STILL COMING.

Director of the Rexall Company Compliments Maryville and Her Club Women.

Boquets for the club women's edition of the Democrat-Forum are still coming.

Ed. G. Orear received this morning from Thomas V. Wooten, of Boston, director of the Rexall company the following letter:

"I have looked over with a great deal of interest the Women's edition of the Democrat-Forum on September 25th. I had no idea that Maryville could afford a paper the size of this. Indeed, I had the erroneous impression that Maryville is very far from being the metropolitan place which this paper seems to emanate from.

"Allow me to hope that everything is going well with you and that the prosperity of Maryville's Rexall store is more than keeping pace with the growth in commercial importance of your city."

DEVILED Crab.—One crab or one can crab meat (tuna or salmon), one small onion chopped fine, eight rolled crackers, one cupful of soup stock, one cupful cream, butter size of egg (melted), juice of one lemon, salt and pepper to taste. Mix all together in buttered baking dish, with some bread or cracker crumbs and bits of butter on top. Bake moderately about twenty minutes.

Sardine Croquettes—Wash two dozen skinned sardines, drained from the oil. Add to them four eggs, salt and pepper and plenty of paprika. Then add cracker crumbs, finely rolled, until the paste is thick enough to form into little balls. Fry them golden brown in butter and serve with tomato sauce, well seasoned.

Casserole of Chicken.—Boil two cups of rice and mash. Add butter, pepper and salt. Make a fricassee of chicken, using white sauce. Press the rice into the casserole and let it cool. When cool, scoop out the center and fill with the fricassee of chicken. Cover the top with the rice scooped out, but do not press down. Brush a well beaten egg over the top and bake. Serve with mushroom sauce.

Luncheon Delicacies.

Shrimps In Tomato Sauce.—Cook a sprig of parsley and a tablespoonful each of finely cut onion and a carrot in a large tablespoonful of butter, blend in three tablespoonfuls of flour, add half a teaspoonful of salt, a quarter teaspoonful of paprika, two cloves and a bit of bay leaf; then add slowly a cupful of stock and a cupful of tomato pulp. Stir until thickened, let simmer fifteen minutes; then strain and reheat. Dip a pint of shrimps in milk, roll them in flour and fry in bubbling hot butter. Pour the sauce over slices of toasted bread, cover with the shrimps and sprinkle lightly with parsley and lemon juice.

Mock Sweetbreads.—Chop two ounces of fat, salt pork and blend with a pound of veal; then add a scant cupful of soft breadcrumbs, two eggs, two tablespoonfuls of flour, half a cupful of milk, salt and pepper. Form into symmetrical pieces, dot each with dabs of butter and pour around a scant cupful of chicken stock. Cover and bake an hour, basting every ten minutes. Serve with hot tomato sauce or white sauce.

THE CATACLYSM OF OSTEND

Great European Summer Resort, the Newport of Continent Now Inside "Ring of Death."

Belgo-Dutch Frontier, Oct. 4.—"The season will reopen shortly under wholly German management." It was a German marine who scrawled this on the front of the Hotel Majestic at Ostend last April. To him it was, of course, "a joke." To the Ostenders its realization is one of the chapters in the bitter tragedy of Belgium.

Everybody knows the Ostend of "the season" of happier years. The recollection conjures up the vision of a city of pleasure, where the life of the seaside was lived at its gayest and giddiest. For Ostend was the acknowledged Queen of Belgian water-places, the rendezvous of as cosmopolitan a crowd of merry-makers as, perhaps, any sunlit shore could show. A mile of great hotels, thronged with French and Belgians, English and Germans, flaunted the majesty of the North Sea; scores of tiny cafes spread their awnings to the breeze; on the golden sands hundreds of wondrous-hued bathing cabins made a broken rainbow.

Then, trains de luxe linked Ostend with every part of Europe, and the cross-Channel boats brought hundreds of Englishfolk to share the free delights of Continental life. Today? Well, Ostend is as remote from the rest of Europe as Central Africa. It is ringed off from the outer world by a barrier of death.

But Ostend still has its "season." All summer it was a health resort for the German army. Its fine hotels are filled with German officers. Some have been wounded and, after treatment in one of the field hospitals in Belgium, came to Ostend to convalesce. Others are there whose purpose seems to be the enjoyment of a "rest cure."

Apples Grow Large at Parnell.

O. P. Garver raised the champion apple of this section of the country, so far as heard from. It weighed twenty and one-half ounces, being two ounces larger than the one Jesse Stragley brought in recently from Oxford. Mr. Garver gave it to John Graham Monday afternoon who took it to his home near Sheridan. Since the above was written an apple came from Fred Breit's farm south of town that weighed even twenty-one ounces. The latter apple was brought in by G. M. Haynes.—Parnell Sentinel.

Big School at Parnell.

The school enrollment of the Parnell schools reached 171 last week. This is the largest the district has ever had. The enumeration was 168. A number outside of the district are attending the high school and the grammar room. School is said to be progressing very nicely in all departments.—Parnell Sentinel.

KILL HESSIAN FLY NOW

Fall Is Best Time to Rid Wheat Fields of Pest by Deeep Plowing and Late Sowing.

Washington, Oct. 4.—Sow winter wheat after the Hessian fly has disappeared and save next year's crop from the ravages of the pest, say the Department of Agriculture's experts. If the fly has been starved out by buring or disking all stubble and ruined wheat fields, and all volunteer wheat has been plowed under or otherwise destroyed, an infestation the following year may be prevented by sowing after the approximate fly free date.

The Hessian fly of the second or fall generation is likely to infest all volunteer wheat and all wheat sown before the fly-free date. "Flaxseeds" of the second generation remain on the fall-sown wheat plants till the following April, when adults issue and produce young which begin another season of infestation. The adult flies of the second generation emerge from the "flaxseed" stage from the middle of August to late October, according to the latitude. The female fly does not live beyond 5 or 6 days, and thus it is that late sowing, after the flies have largely disappeared, is the most practical and effective method employed to control this pest.

There is, of course, a serious objection to the late sowing method to control the Hessian fly, and that is the danger that the plants will not make sufficient growth to withstand the winter. This objection, however, may be largely overcome by proper cultural methods. Much of the delay in the growth of late-sown plants in the fall can be eliminated by paying close attention to the preparation of the soil and to the quality of the seed. The best advice that can be given is to begin the preparation of the field in the fall precisely as though it was expected to sow at a very early date, but instead of sowing use the disk harrow and the roller, even after it appears to ba a waste of labor to fill the field further.

When a finely pulverized, compact seed bed has been secured, the seed should be selected, and this should be done with the point in view that unnaturally shriveled or otherwise imperfect kernels can not produce healthy wheat plants.

King-Hartness.

A very simple wedding ceremony took place at nine o'clock last night at the parsonage of the First Methodist church, when the pastor, the Rev. Gilbert S. Cox, read the marriage service for Miss Ora King and Harry Hartness. The ceremony was witnessed by Miss Ola King, a sister of the bride, Miss Edna Moore, Parry Onstot and Virgil Hartness. The bride is a daughter of Mr. and Mrs. George D. King of Creston, formerly of this city and has been employed for some time in the office of Dr. L. E. Dean. The newly weds left immediately after the ceremony for their home on the Hartness farm south of the city.

D. A. R. Chapter Meets.

The opening of the winter meetings for the Daughters of the American Revolution was held Saturday afternoon at the home of Mrs. J. F. Montgomery, with Mrs. Montgomery, Miss Ruth Montgomery, Misses Elizabeth and Mary Q. Evans, hostesses. The topic was "Missouri Day," and the program was devoted to significant things of the state. During the business meeting delegates were chosen to the state convention which meets in St. Louis,, October 25 to 28. Those elected were Miss Beulah Brunner, Miss Marjorie Wilfley, Mrs. Will J. Montgomery, Miss Ruth Montgomery, Mrs. Anderson Craig, Mrs. L. C. Gann, Mrs. Henry Foster and Miss Mildred Robinson. The program given included only those things which would commemorate the state. Margaret Louise Hosmer sang two Jessie Gaynor songs, Master Joe Ford Jackson recited a Eugene Fields poem, Elizabeth Flynt also sang a Jessie Gaynor composition, the children giving their part of the program very creditably. Mrs. Will J. Montgomery gave a piano solo, "Missouri Waltzes," and Miss Mildred Robinson and Miss Marjorie Wilfley sang the "Missouri" song. Mrs. Charles T. Bell gave a paper on "Historic Spots in Missouri." Miss Brunner gave a biography of Mark Twain and some history of his writings and Mrs. Anderson Craig took up Missouri products and industries. After the program, a salad luncheon was served by the hostesses. Miss Helen Dunn of Bolckow, a house guest of Miss Montgomery and Mrs. R. P. Hosmer were the visitors of the afternoon.

Small Crowd Hears Band.

Perhaps the weather was too good and everyone wanted to be outside. For only a small crowd, probably seventy-five, greeted the Fourth Regiment band in their first indoor concert of the year at the Empire theatre yesterday afternoon. The band was small too, as many of the members could not be present. The whole program was well received, especially the cornet solo of Prof. T. B. Maulding and the trombone solo of Llyod Miles. The concerts will be given every Sunday afternoon at 3:30 o'clock.

Normal Men Called Out.

TAKE "CASCARETS" IF HEADACHY, BILOUS AND CONSTIPATED.

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. 10-4-15

552 AT BAPTIST S.S.

WAS SUCCESSFUL BEGINNING OF THEIR BEST HOME COMING.

ADDS 325 NEW MEMBERS

Full Church Hears Pastor Preach on the "Tragedy of an Absence."—Almost $8,000 Raised.

The Baptists are happy today and the well-known Hale smile is broader than ever this morning for they held their greatest home-coming day yesterday under fair skies and the most favorable auspices.

The day started right when the Sunday school went fifty-two beyond the rally goal of 500. The attendance was 438 at the same day last year. The collection was $14.11 yesterday. The two largest classes were Mr. Hale's with 118 and Mrs. Flora Quinn with 73.

The primary department had 204 and the main school 348. Thirty-five scholars in the primary were promoted into the main school. They stood upon the platform as their certificates were given out and were greeted with much applause.

In a short speech at the close of the Sunday school, the pastor told that the number simply indicated what could be done when a trial was made. He reminded them that they had been surprised when his prediction of 200 was fulfilled two years ago by an attendance of 236.

A definite start was made for a Sunday school attendance of 1,000 and an unanimous vote agreed that it was a possible goal. The church was crowded for the preaching service. Special music was given by the choir during the offering and Mrs. W. M. Westbrook sang just before the sermon.

The Rev. L. M. Hale preached on "The Tragedy of an Absence." His text was "And Thomas, one of the twelve, was not there." He said that his purpose in the sermon was to exhort the membership to regular attendance upon the services of the church.

"At the meeting last year, I preached on getting a vision," he said. "This year that message does not seem so vital for most of the church has caught the vision. But I do lay aside my modesty in urging people to come to preaching for this one time because of a deep conviction that it is the great thing needed now for the proper forward movement and the development of the church."

The basket dinner was followed by a business meeting in which all the departments gave their yearly reports. A praise service completed the day. More than twenty-five automobiles were before the church during the morning service, several of them coming from other towns.

MORE

Two new members were received yesterday, Mrs. U. C. Crockett and Mrs. Jones of Burlington Junction. Letters were read from friends in other cities to the home church on its annual day. Miss Dora Allen, missionary treasurer, and J. A. Speirs, church treasurer, made their annual reports.

Mrs. Alex Fraser made the report for the Woman's Missionary Society and Mrs. Anderson Craig and Mrs. W. A. Bafley for the Ladies Aid Society. Dr. K. R. Malotte for the Men's Club and Charles Hyslop, clerk of the church, also gave reports.

The building and repairs committee, consisting of Anderson Craig, William Everhart and Charles Hyslop, told of their work during the year. A new balcony was added at a cost of almost $1,000. Sewer and plumbing work was done by Roy Martin, also the railing for the balcony. The painting was the work of B. W. Lemon, and the cement work of Clark Andrews. All are members of the church. The Ladies Aid society put down a carpet. G. B. Holmes, Dr. K. R. Malotte, W. A. Burris, Allison Dragoo, and John Davis were commended for voluntary work.

The membership committee reported that a total of 509 members had been received in the two years of Rev. Hale's pastorate of which more than three-fourths were on profession of faith. During the last year, 277 were received by Baptism and 48 by letter. A net gain in membership for the two years has been 451 and the men have outnumbered the women by 13 among the new members.

The enrollment of the Sunday school is now 705 and the average attendance for the year has been 324. Total funds of the year's budget has been $3,319.94. In addition $1,047.66 has been given to missions, $3,408.02 has been used for building expenses and $156 has been spent on miscellaneous items.

MT. TABOR ADDS $200 MORE

New Building Costs $1,800 and Old Structure Was Used.—Raised by Subscription in Half Hour.

Those Mt. Tabor people had still another chance Saturday to demonstrate that they have the real school and community spirit which does things. A checking up of bills showed that the new school building was going to cost $1,800. Only $1,400 was first voted; then another election gave $1,600.

But the boosters were not discouraged. Having started a proposition, they were determined to see it through. So one of the directors and County School Superintendent Cooper took a subscription paper and in a half hour raised $216. In addition to cash amounts, the material in the old building was used in the new.

All the Maryville people attending the dedication Saturday, were enthusiastic about the building and the Mt. Tabor spirit.

One of the most interesting speeches of the day was made by W. A. Johnson who attended school in that district in 1865. In addition to the conveniences which have already been noted in the building, visitors Saturday noticed that it has a separate library room, another room for agriculture and domestic science. A telephone booth is another innovation in country school architecture.

MANY ATTEND JONES RITES

Funeral for Horace Jones Held at Parnell Yesterday Afternoon.—Unusually Large Crowd Present

The largest funeral ever held in Parnell was that of Horace Jones, a pioneer citizen and wealthy landowner which took place at the family residence at 2 o'clock Sunday afternoon. Many from Maryville, Hopkins, Ravenwood, Sheridan and a few other towns came in automobiles, and the machines filled the streets of the town.

The services were conducted by the Rev. W. E. Tinney, pastor of the Methodist Episcopal Church of Parnell, of which church Mr. Jones was a member. Burial took place at the Parnell cemetery, the Masonic lodge of Parnell having charge of the services. A number of members of Maryville Commandery, K. T., No. 40, from this city, attended the funeral, Mr. Jones having been a member.

The following from Maryville attended the funeral: Judge and Mrs. W. C. Ellison, Mr. and Mrs. J. S. Shinabargar and daughter, Miss Mildred, Mr. and Mrs. W. C. Pierce, Mrs. Margaret Pierce, Mr. and Mrs. Hal T. Hooker and daughter, Mr. and Mrs. James Herndon, Mr. and Mrs. W. A. Miller and daughter, Charles Evans, S. R. Lucas, F. P. Reuillard, George B. Baker, James Todd, J. C. Archer, Paul Sisson, Mayor U. S. Wright, Fred P. Robinson, J. F. Montgomery, W. J. Montgomery, R. H. Duncan, Dr. F. C. Wallis, C. C. Hellmers, Paul Kuchs, E. E. Williams, Jim Andy Ford, W. H. Allen, John Sewell, Clun Price and M. E. Ford.

The estate of Mr. Jones is estimated to be worth $1,000,000, his land holdings amounting to 8,500 acres in Nodaway and Worth counties. Mr. Jones was probably the wealthiest man of the county.

MAYOR TO APPOINT

WRIGHT SAYS HE'LL CALL ELECTION IF NO GOOD MAN ACCEPTS

MAY HAVE CURFEW LAW

Resolution of Council Asks Police to Enforce City's Cigarette Ordinance.—Other Business.

Mayor U. S. Wright will appoint a successor to H. L. Raines. No, he doesn't say that he will not call a special election and he will not name the man but in an enigmatical way he indicates that his mind is made up.

"If I can find a good man in the Third ward who will accept, I will appoint him. If I cannot, I will have to call an election," said his Highness this morning.

It is rather hard to believe that the mayor cannot find a suitable man who will accept, so the election advocates seem destined to be disappointed. They already have received one surprise for the council adjourned Saturday night without mentioning the successor to Mr. Raines.

Councilmen McDonald, Hahn, Fisher, Dragoo, Garrett and Tindall were present. The most important action by the body was the changing of the fire limit so as to exclude the Baptist church and the residences west of the church on the corner of Main and Jenkins street; a resolution calling upon the police to enforce the cigarette ordinances of the city and another instructing the attorney to draw up a curfew ordinance.

The mayor announced the appointment of new committees. Councilman McDonald is a committee of one on streets, alleys and sewers. The committee of fire, light and water is McDonald, Hahn and Tindall. The resignation of Albert Berlin as dog enumerator was accepted.

M. E. Ford was granted permission to appear before the council concerning the taxes of Thomas Workman. As a result of the conference, a compromise was reached and the city agreed to set the assessment of Mr. Workman at $17,000, provided he would pay at once all the back taxes of 1913 and 1914 with the penalties attached.

J. A. Speirs appeared before the council concerning a sidewalk on the south side of Fifth street between Main and Market streets. The matter was referred to the street committee. E. H. Bainum spoke concerning the intersection of Ninth and Mulberry and the matter was referred to committee.

The pool license was granted to Sweitzer Smoke Shop for another six months. The mayor was instructed to grant a deed to lot 2, block 6, in the first addition of Oak Hill to W. L. Scott in exchange for another lot.

Bert Mack appeared with a sidewalk petition which was referred to committee.

The complaint of J. S. McClaskey concerning an alley was referred to street committee, as was a petition for a sidewalk on the east side of the Baptist church. The attorney was instucted to draw an ordinance condemning a board walk between Buchanan and Fillmore streets on First street.

The usual monthly bills were allowed. The need of something being done with the sewer near the Wabash trestle was discussed. F. L. Flynt, city engineer, reported that the railroad company did not want to rebuild the sewer until spring when the fill had entirely settled. Several of the councilmen said that conditions were so bad that people were moving away or making strong complaints.

6 APPLE ROWS YIELD 969 BARRELS

Ford and Klaas Orchard Will Bring $20,000 This Year, It Is Believed.

The picking of the apples on the Ford and Klaas orchard near Parnell, was begun last week. Mr. Golstein, who bought the apples, says that the orchard is the finest this year that he has ever seen. Six rows of Jonathans, each a quarter of a mile long, yielded 969 barrels. Fourteen of the same kind are still to be gathered.

Those who had seen the orchard say that it is one of the prettiest of sights. Forty men are working there now and it is believed that the price for the crop will run close to $20,000.

Woods Back from Wyoming.

M. I. Woods, street commissioner, returned Saturday from Wyoming, where he had gone to look at some land in the "wooly and wild." He says that this country, commonly referred to as belonging to the Almighty, looks better to him ihan Wyoming.

CUP TO THIRD WARD

COMMITTEE DECIDES IT IS CLEANEST AND MOST SANITARY.

ALL ARE MUCH IMPROVED

But Unsightly Spots in Others Lost the Prize.—Special Week is Commended.

To the General Committee in Charge of Cleanup and Paintup Campaign:

Your committee appointed to act as judges in awarding Trophy Cup presented by the Maryville Commercial club to the City of Maryville to be given to the city ward showing the greatest improvement in general appearance and betterment of sanitary conditions of home premises, based on schedule of points hereinafter shown, beg leave to report as follows:

After a thorough and careful inspection of each of the four wards your committee recommends that the Trophy Cup be awarded to the Third ward, this ward scoring highest with a total of 82½ points out of a possible 100. The standing of the other wards are Second 74 points, First 66½ points and Fourth 58 points.

It was extremely difficult for your committee to determine the relative standing of the different wards as all of them made a most excellent showing. However, the presence of a few extremely unsightly and unsanitary spots made necessary a marked reduction in the standing of some of the wards.

It should be explained that the figures given represent the relative improvement in appearance and sanitary conditions during the present year; natural advantages for which property holders are not responsible were not permitted to affect the decision.

Your committee wishes to take this occasion to commend the general use by residents of the city of flowers and vines in hanging baskets, porch boxes and gardens in improving the appearance of the homes. It was gratifying to note in all parts of the city that such plants had been used generously and with pleasing effect. The majority of the lawns and parkways were also well kept, the trees trimmed and except in a few instances, the city is remarkably free from weeds.

Your committee also considers worthy of mention, the large number of substantial new residences which have been constructed during the present year, especially in the Second ward, where they appear to be most numerous.

Your committee is unanimously of the opinion that Maryville, as a whole, will rank higher than any other city of its size in the country in the general attractiveness and pleasing appearance of its homes.

Your committee further recommends that the Cleanup and Paintup Campaign be continued next year.

MAKES ANNUAL REPORT

First Methodist Church Affairs in Good Condition.—Largest Sunday School Attendance in State.

The annual report of the conditions of the First Methodist church as submitted to the congregation at the yearly business meeting held yesterday shows an exceptionally good standing of all the church organizations.

The average attendance at the Sunday school for the year October 1, 1914 to October 1, 1915, was 352 per Sunday. This is the largest average attendance of any Sunday school in the Missouri conference. The number of accessions to the school during the year were 115.

The total amount of money paid out was $7,868. This amount was given as follows: Salaries, pastor, district superintendent and bishop, $2,750; music, janitor and special meetings, $2,200; church improvements, $435; Women's Foreign Missionary society, $398; Woman' sHome Missionary society, $207; Missouri Wesleyan college, $235; Ensworth Hospital, $194; other benevolences, $1,449.

BOQUETS STILL COMING.

Director of the Rexall Company Compliments Maryville and Her Club Women.

Boquets for the club women's edition of the Democrat-Forum are still coming.

Ed. G. Orear received this morning from Thomas V. Wooten, of Boston, director of the Rexall company the following letter:

"I have looked over with a great deal of interest the Women's edition of the Democrat-Forum on September 25th. I had no idea that Maryville could afford a paper the size of this. Indeed, I had the erroneous impression that Maryville is very far from being the metropolitan place which this paper seems to emanate from.

"Allow me to hope that everything is going well with you and that the prosperity of Maryville's Rexall store is more than keeping pace with the growth in commercial importance of your city."

DEVILED Crab.—One crab or one can crab meat (tuna or salmon), one small onion chopped fine, eight rolled crackers, one cupful of soup stock, one cupful cream, butter size of egg (melted), juice of one lemon, salt and pepper to taste. Mix all together in buttered baking dish, with some bread or cracker crumbs and bits of butter on top. Bake moderately about twenty minutes.

Sardine Croquettes—Wash two dozen skinned sardines, drained from the oil. Add to them four eggs, salt and pepper and plenty of paprika. Then add cracker crumbs, finely rolled, until the paste is thick enough to form into little balls. Fry them golden brown in butter and serve with tomato sauce, well seasoned.

Casserole of Chicken.—Boil two cups of rice and mash. Add butter, pepper and salt. Make a fricassee of chicken, using white sauce. Press the rice into the casserole and let it cool. When cool, scoop out the center and fill with the fricassee of chicken. Cover the top with the rice scooped out, but do not press down. Brush a well beaten egg over the top and bake. Serve with mushroom sauce.

Luncheon Delicacies.

Shrimps In Tomato Sauce.—Cook a sprig of parsley and a tablespoonful each of finely cut onion and a carrot in a large tablespoonful of butter, blend in three tablespoonfuls of flour, add half a teaspoonful of salt, a quarter teaspoonful of paprika, two cloves and a bit of bay leaf; then add slowly a cupful of stock and a cupful of tomato pulp. Stir until thickened, let simmer fifteen minutes; then strain and reheat. Dip a pint of shrimps in milk, roll them in flour and fry in bubbling hot butter. Pour the sauce over slices of toasted bread, cover with the shrimps and sprinkle lightly with parsley and lemon juice.

Mock Sweetbreads.—Chop two ounces of fat, salt pork and blend with a pound of veal; then add a scant cupful of soft breaderumbs, two eggs, two tablespoonfuls of flour, half a cupful of milk, salt and pepper. Form into symmetrical pieces, dot each with dabs of butter and pour around a scant cupful of chicken stock. Cover and bake an hour, basting every ten minutes. Serve with hot tomato sauce or white sauce.

THE CATACLYSM OF OSTEND

Great European Summer Resort, the Newport of Continent Now Inside "Ring of Death."

Belgo-Dutch Frontier, Oct. 4.—"The season will reopen shortly under wholly German management." It was a German marine who scrawled this on the front of the Hotel Majestic at Ostend last April. To him it was, of course, "a joke." To the Ostenders its realization is one of the chapters in the bitter tragedy of Belgium.

Everybody knows the Ostend of "the season" of happier years. The recollection conjures up the vision of a city of pleasure, where the life of the seaside was lived at its gayest and giddiest. For Ostend was the acknowledged Queen of Belgian water-places, the rendezvous of as cosmopolitan a crowd of merry-makers as, perhaps, any sunlit shore could show. A mile of great hotels, thronged with French and Belgians, English and Germans, flaunted the majesty of the North Sea; scores of tiny cafes spread their awnings to the breeze; on the golden sands hundreds of wondrous-hued bathing cabins made a broken rainbow.

Then, trains de luxe linked Ostend with every part of Europe, and the cross-Channel boats brought hundreds of Englishfork to share the free delights of Continental life. Today? Well, Ostend is as remote from the rest of Europe as Central Africa. It is ringed off from the outer world by a barrier of death.

But Ostend still has its "season." All summer it was a health resort for the German army. Its fine hotels are filled with German officers. Some have been wounded and, after treatment in one of the field hospitals in Belgium, came to Ostend to convalesce. Others are there whose purpose seems to be the enjoyment of a "rest cure."

Apples Grow Large at Parnell.

O. P. Garver raised the champion apple of this section of the country, so far as heard from. It weighed twenty and one-half ounces, being two ounces larger than the one Jesse Straggley brought in recently from Oxford. Mr. Garver gave it to John Graham Monday afternoon who took it to his home near Sheridan. Since the above was written an apple came from Fred Breit's farm south of town that weighed even twenty-one ounces. The latter apple was brought in by G. M. Haynes.—Parnell Sentinel.

Big School at Parnell.

The school enrollment of the Parnell schools reached 171 last week. This is the largest the district has ever had. The enumeration was 168. A number outside of the district are attending the high school and the grammar room. School is said to be progressing very nicely in all departments.—Parnell Sentinel.

KILL HESSIAN FLY NOW

Fall Is Best Time to Rid Wheat Fields of Pest by Deeep Plowing and Late Sowing.

Washington, Oct. 4.—Sow winter wheat after the Hessian fly has disappeared and save next year's crop from the ravages of the pest, say the Department of Agriculture's experts. If the fly has been starved out by buring or disking all stubble and ruined wheat fields, and all volunteer wheat has been plowed under or otherwise destroyed, an infestation the following year may be prevented by sowing after the approximate fly free date.

The Hessian fly of the second or fall generation is likely to infest all volunteer wheat and all wheat sown before the fly-free date. "Flaxseeds" of the second generation remain on the fall-sown wheat plants till the following April, when adults issue and produce young which begin another season of infestation. The adult flies of the second generation emerge from the "flaxseed" stage from the middle of August to late October, according to the latitude. The female fly does not live beyond 5 or 6 days, and thus it is that late sowing, after the flies have largely disappeared, is the most practical and effective method employed to control this pest.

There is, of course, a serious objection to the late sowing method to control the Hessian fly, and that is the danger that the plants will not make sufficient growth to withstand the winter. This objection, however, may be largely overcome by proper cultural methods. Much of the delay in the growth of late-sown plants in the fall can be eliminated by paying close attention to the preparation of the soil and to the quality of the seed. The best advice that can be given is to begin the preparation of the field in the fall precisely as though it was expected to sow at a very early date, but instead of sowing use the disk harrow and the roller, even after it appears to ba a waste of labor to fill the field further.

When a finely pulverized, compact seed bed has been secured, the seed should be selected, and this should be done with the point in view that unnaturally shriveled or otherwise imperfect kernels can not produce healthy wheat plants.

King-Hartness.

A very simple wedding ceremony took place at nine o'clock last night at the parsonage of the First Methodist church, when the pastor, the Rev. Gilbert S. Cox, read the marriage service for Miss Ora King and Harry Hartness. The ceremony was witnessed by Miss Ola King, a sister of the bride, Miss Edna Moore, Parry Onstot and Virgil Hartness. The bride is a daughter of Mr. and Mrs. George D. King of Creston, formerly of this city and has been employed for some time in the office of Dr. L. E. Dean. The newly weds left immediately after the ceremony for their home on the Hartness farm south of the city.

D. A. R. Chapter Meets.

The opening of the winter meetings for the Daughters of the American Revolution was held Saturday afternoon at the home of Mrs. J. F. Montgomery, with Mrs. Montgomery, Miss Ruth Montgomery, Misses Elizabeth and Mary Q. Evans, hostesses. The topic was "Missouri Day," and the program was devoted to significant things of the state. During the business meeting delegates were chosen to the state convention which meets in St. Louis,, October 25 to 28. Those elected were Miss Beulah Brunner, Miss Marjorie Wilfley, Mrs. Will J. Montgomery, Miss Ruth Montgomery, Mrs. Anderson Craig, Mrs. L. C. Gann, Mrs. Henry Foster and Miss Mildred Robinson. The program given included only those things which would commemorate the state. Margaret Louise Hosmer sang two Jessie Gaynor songs, Master Joe Ford Jackson recited a Eugene Fields poem, Elizabeth Flynt also sang a Jessie Gaynor composition, the children giving their part of the program very creditably. Mrs. Will J. Montgomery gave a piano solo, "Missouri Waltzes," and Miss Mildred Robinson and Miss Marjorie Wilfley sang the "Missouri" song. Mrs. Charles T. Bell gave a paper on "Historic Spots in Missouri." Miss Brunner gave a biography of Mark Twain and some history of his writings and Mrs. Anderson Craig took up Missouri products and industries. After the program, a salad luncheon was served by the hostesses. Miss Helen Dunn of Bolckow, a house guest of Miss Montgomery and Mrs. R. P. Hosmer were the visitors of the afternoon.

TAKE "CASCARETS" IF HEADACHY, BILOUS AND CONSTIPATED.

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. 10-4-15

Small Crowd Hears Band.

Perhaps the weather was too good and everyone wanted to be outside. For only a small crowd, probably seventy-five, greeted the Fourth Regiment band in their first indoor concert of the year at the Empire theatre yesterday afternoon. The band was small too, as many of the members could not be present. The whole program was well received, especially the cornet solo of Prof. T. B. Maulding and the trombone solo of Llyod Miles. The concerts will be given every Sunday afternoon at 3:30 o'clock.

Normal Men Called Out.

Coach Walter Hanson issued a call this morning for all men to report at the gymnasium this afternoon to begin succer football preparatory to basket ball. More than twenty-five men already have reported as candidates for the basket ball squad.

Marriage licenses were issued Saturday to Harry Hartness and Ora King and to Levi Kelley and Gertrude Erickson. All are from Maryville.
